# P-1324C / 600E Heavy Duty A/C Split System

## POLAR P 1324C / 600E HEAVY DUTY A/C SPLIT SYSTEM

This Heavy Duty A/C unit is a split system of Condenser and Evaporator, providing exceptionally high cab cooling capacity. It delivers uninterrupted, long-lasting service, even in the roughest environmental conditions, for industries such as Mining, Oil & Gas and Heavy Equipment, as well as the Military. The P-1324C/ 660E is especially suited for all underground mining machinery, Refuge Stations, and equipment such as Shovels, Dozers, Haul Trucks, Loaders, Cranes, Excavators and Drills.

Build to last, the P-1324C / 660E is designed to eliminate operator fatigue by creating a comfortable cab environment that is dust free and temperature controlled. It requires very little maintenance because of its robust design and Heavy Duty construction.
