P-1330C / 330E Heavy Duty A/C Split System

POLAR P 1330C / 330E HEAVY DUTY A/C SPLIT SYSTEM

This Heavy Duty A/C unit is a split system of Condenser and Evaporator, providing exceptionally high cab cooling capacity. It delivers uninterrupted, long-lasting service, even in the roughest environmental conditions, for industries such as Mining, Oil & Gas and Heavy Equipment, as well as the Military. The P-1330C/ 330E is especially suited for all underground mining machinery, Refuge Stations, and equipment such as Shovels, Dozers, Haul Trucks, Loaders, Cranes, Excavators and Drills.

Build to last, the P-1330C / 330E is designed to eliminate operator fatigue by creating a comfortable cab environment that is dust free and temperature controlled. It requires very little maintenance because of its robust design and Heavy Duty construction.

FEATURES & BENEFITS

P-1330 Condenser

- 48,000 BTU Condenser Capacity
- Slimline Design
- 200—230 VAC
- works in 50 Hz or 60 Hz application
- 1300 CFM Sealed Brushless Motor
- Works in ambient temperatures of 55°C / 130°F
- Built to withstand high vibration
- Copper/Copper Coils
- 2 year limited warranty

P-330 Evaporator

- 48,000 BTU Air Conditioning Capacity
- Stainless Steel enclosure
- 200—230 VAC
- works in 50 Hz or 60 Hz application
- Copper/copper corrosion resistant coils
- Digital control panel
- Dual High Capacity Brushless Blower Motors 1000CFM

OPTIONS

- Several different Power Options (24vdc, 200 to 240 VAC, 50 Hz or 60 Hz application)
- Sy-Klone RESPA® - CF Vortex HyperFLOW Cab Recirculation Filter System with Cab Pressure Monitor
