

Polar - Electric Drive Heater / Air Conditioning

Polar P-315 EH - Ceiling Mount Evaporator with P-1310EHV - 200—240 vac Electric Drive Condenser

The P-315 EH - Ceiling Mount Evaporator / Heater

- 35,000 BTU Cooling (60hz,240vac,1ph internally controlled 24vdc components)
- 15,400 BTU Electric Heat
- 400 cfm process free airflow to cab—3 speed fan

P-1310-EHV—Electric Drive / Condenser Unit

- Built for “off road” truck or trailer applications
- 200-240VAC Vertical scroll compressor / condenser with internally controlled 24volt fans, motors and components
- Works well in ambient temperatures exceeding 55°C / 130°F
- High output! Over 35,000 BTU of Cooling capacity
- 2 year limited warranty

Options

- RESPA cab filter pressurizer with monitor
S-R4-24F02-005—24vdc (controlled by internal switching on P-1310EHV)
